NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Continued from previous page...

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- A **current** Immigration Status Document issued by the Home Office to the holder with an endorsement indicating that the named person is allowed to stay indefinitely in the UK or has no time limit on their stay in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the Channel Islands, the Isle of Man or Ireland **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A certificate of registration or naturalisation as a British citizen, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.

Continued from previous page...

- A **current** passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.
- A **current** Residence Card issued by the Home Office to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights or residence.
- A **current** Immigration Status Document containing a photograph issued by the Home Office to the holder with an endorsement indicating that the named person may stay in the UK, and is allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A Certificate of Application, **less than 6 months old**, issued by the Home Office under regulation 18(3) or 20(2) of the Immigration (European Economic Area) Regulations 2016, to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.
- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.
- Reasonable evidence that a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence in exercising treaty rights in the UK including:-
 - evidence of the applicant's own identity – such as a passport,
 - evidence of their relationship with the European Economic Area family member – e.g. a marriage certificate, civil partnership certificate or birth certificate, and
 - evidence that the European Economic Area national has a right of permanent residence in the UK or is one of the following if they have been in the UK for more than 3 months:
 - (i) working e.g. employment contract, wage slips, letter from the employer,
 - (ii) self-employed e.g. contracts, invoices, or audited accounts with a bank,
 - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
 - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Appendix 6

Section 182 Advice by the Home Office Updated on April 2018

Relevant, vexatious and frivolous representations

9.4 A representation is “relevant” if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives. For representations in relation to variations to be relevant, they should be confined to the subject matter of the variation. There is no requirement for a responsible authority or other person to produce a recorded history of problems at premises to support their representations, and in fact this would not be possible for new premises.

9.5 It is for the licensing authority to determine whether a representation (other than a representation from responsible authority) is frivolous or vexatious on the basis of what might ordinarily be considered to be vexatious or frivolous. A representation may be considered to be vexatious if it appears to be intended to cause aggravation or annoyance, whether to a competitor or other person, without reasonable cause or justification. Vexatious circumstances may arise because of disputes between rival businesses and local knowledge will therefore be invaluable in considering such matters. Licensing authorities can consider the main effect of the representation, and whether any inconvenience or expense caused by it could reasonably be considered to be proportionate.

9.6 Frivolous representations would be essentially categorised by a lack of seriousness. Frivolous representations would concern issues which, at most, are minor and in relation to which no remedial steps would be warranted or proportionate.

9.7 Any person who is aggrieved by a rejection of their representations on either of these grounds may lodge a complaint through the local authority’s corporate complaints procedure. A person may also challenge the authority’s decision by way of judicial review.

9.8 Licensing authorities should not take decisions about whether representations are frivolous, vexatious or relevant to the licensing objectives on the basis of any political judgement. This may be difficult for councillors who receive complaints from residents within their own wards. If consideration is not to be delegated, contrary to the recommendation in this

Guidance, an assessment should be prepared by officials for consideration by the sub-committee before any decision is taken that necessitates a hearing. Any councillor who considers that their own interests are such that they are unable to consider the matter independently should disqualify themselves.

9.9 It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making that representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.

9.10 Licensing authorities should consider providing advice on their websites about how any person can make representations to them.

Subject: 140527 - New premise license application for Toynbee Hall 28 Commercial Street London
Follow Up Flag: Follow up
Flag Status: Completed

Dear Licensing,

Having considered the premises license application for Toynbee Hall 28 Commercial, London I have to consider the impact of the licensing objectives, particular for Environmental Protection the prevention of public nuisance and the prevention of noise generated from within the premises or outside to be causing disturbance to people in the vicinity, especially given the fact that the premises is within Brick Lane Cumulative Impact Zone.

Whilst the application is for lesser hours than the Council's framework hours there is insufficient information in the operating schedule in the licence application to show how the applicant will promote the four licensing objectives.

The condition for the prevention of public nuisance "*Noise or vibration from the premises will be maintained at a level that will not be audible at the façade of any neighbouring noise sensitive premises*" is very general and "maintained at a level" does not define the noise level. There is no consideration of the impact on public nuisance from people access and egressing the premises and people loitering outside whilst the premises is in operation, particularly when considering that the premises is in Brick Lane Cumulative Impact Zone.

Noise Sensitive premises: residential premises in close proximity to Toynbee Hall 28 Commercial Street London

In my view the application, as it stands fails, to comply with the objective of the Licensing Act 2003 relating to "public nuisance" for the following reasons:-

- Noise breakout from the venue affecting neighbouring residents.
- Access & egress to and from the venue, of patrons, especially due to patrons likely to be in high spirits

CONCLUSION

Environmental Protection **does not** support the application for Toynbee Hall 28 Commercial Street London for the following reasons:

- (1) The applicant have not provided sufficient information to show how they will promote the licensing objective for the prevention of public nuisance
- (2) The premises is in Brick Lane Cumulative Impact Zone.

Kind regards

Appendix 10

Prevention of Public Nuisance

- 9.1 Licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping in the vicinity of the premises.
- 9.2 The concerns mainly relate to noise nuisance both from the premises and customer egress, light pollution, noxious smells and disruption from parked vehicles and due regard will be taken of the impact these may have in considering a licence. The Licensing Authority will expect Operating Schedules to satisfactorily address these issues. Applicants are advised to seek advice from the Council's Environmental Health Officers before preparing their plans and Schedules.
- 9.3 The Licensing Authority, where its discretion is engaged, will consider, where appropriate, attaching conditions to licences and permissions to prevent the problems identified in Section 18 of this Policy (Special Cumulative Impact Policy for the Brick Lane and Bethnal Green Area), and these may include conditions drawn from the Model Pool of Conditions found in the Secretary of States Guidance.
- 9.4 **Street Furniture** – placing of street furniture, which includes advertising boards, on the highway can cause a public nuisance by way of obstruction, or encourage consumption of alcohol on an unlicensed area. The Licensing Authority expects applicants to have ensured that they fully comply with the Council's rules relating to authorisation of obstructions on the highway, and that the required authorisations are obtained prior to submitting a licence application. Where proportionate and appropriate, and its discretion is engaged, the Licensing Authority will impose conditions in relation to street furniture, including on private land.
- 9.5 **Fly Posting** – The Council has experienced problems with "fly posting" in relation to venues that offer entertainment. Fly posting is the unauthorised posting of posters / advertisements etc. Where it considers it proportionate and appropriate, and its discretion is engaged, the Licensing Authority will attach conditions relating to the control of fly posting to ensure that venues clearly prohibit all fly posting in their contract terms with others and they effectively enforce this control.

Appendix 11

Guidance Issued by the Home Office under Section 182 of the Licensing Act 2003

Updated April 2018

Public nuisance

- 2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.
- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

Appendix 12

Noise while the premise is in use

General Advice

If they conclude this is a problem Members should consider whether it is possible to carry out suitable and proportionate noise control measures so that noise leakage is prevented. In addition Members may consider that only certain activities are suitable.

The hours of operation also need to be considered (see below).

If Members believe that there is a substantial problem of noise while the premises are in use and it cannot be proportionately address by licensing conditions they should refuse the application.

Licensing Policy

The policy recognises that noise nuisance can be an issue, especially if a premises is open late at night. **(See Sections 9.1 of the Licensing Policy)**. While all applications will be considered on their merits, consideration will be given to imposing stricter conditions in respect of noise control where premises are situated close to local residents. **(See Section 14.10)**.

The Licensing Authority expects the applicant to have addressed all nuisance issues relating to the premises in their operating schedule and to have sought appropriate advice from the Council's Environmental Health Officers. **(See Section 9.2 of the Licensing Policy)**.

The Licensing Authority will consider attaching conditions to prevent nuisance. In particular Members may wish to consider (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times)
- Whether certain parts should close earlier than the rest (for example a "beer garden", or restricted in their use)
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).
- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly
- Conditions controlling the use of explosives, pyrotechnics and fireworks
- Conditions controlling the placing of refuse
- Conditions controlling noxious smells
- Conditions controlling lighting (this needs to be balanced against potential crime prevention benefits)

Police Powers

Part 8 of the Licensing Act 2003 enables a senior police officer to close down a premises for up to 24 hrs where public nuisance is being caused by noise coming from the premises and the closure of the premises is necessary to prevent that nuisance.

Guidance Issued under Section 182 of the Licensing Act 2003

The prevention of public nuisance could include low-level nuisance, perhaps affecting a few people living locally as well as major disturbance affecting the whole community (2.15).

Licence conditions should not duplicate other legislation (1.16).

Necessary and appropriate conditions should normally focus on the most sensitive periods (2.19) and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder.

Other Legislation

The Environmental Protection Act 1990, Part 111 gives Environmental Health Officers the power to deal with statutory nuisances.

The Anti-social Behaviour Act 2003, Sections 40 and 41 give Environmental Health Officers the power of closure up to 24 hours in certain circumstances.

Appendix 13

Special Cumulative Impact Policy for the Brick Lane and Bethnal Green Area

- 19.1 As with many other London Borough's the majority of late night licensed premises are concentrated within one area of the Borough. Following guidance issued under the Licensing Act 2003 a cumulative impact policy for the Brick Lane area was adopted on 18th September 2013 by the Council and came into effect on the 1st November 2013.
- 19.2 After consultation the Council recognised that because of the number and density of licensed premises selling alcohol, on and off the premises and the provision of late night refreshment (sale of hot food after 11pm) within the Brick Lane Area as defined in Figure One, there might be exceptional problems of nuisance, disturbance and/or disorder outside or away from those licensed premises as a result of their combined effect.
- 19.3 The Council Cumulative Impact Zone (CIZ) was reviewed alongside this Statement of Licensing Policy by the Licensing Committee on 14th December 2017. Following this review and consultation in early 2018 the Council has decided to keep the Cumulative Impact Zone (CIZ). Local crime mapping showed that although there had been a reduction in crime and disorder linked to licensed premises within the CIZ since January 2015, the same crime mapping showed that the area of the CIZ is still higher than average in regards to crimes and disorder linked to licensed premises compared to the rest of the borough.

Further to the CIZ in the Brick Lane Area shown in Figure One below, data from 999/101 calls to Police in 2016/17 showed a large number of incidents linked to licensed premises within the area shown in Figure Two below (Bethnal Green Area). In light of this evidence and following consultation mentioned above the Council has decided to adopt a second CIZ in the Bethnal Green Area.

- 19.4 The Licensing Authority is of the view that the number, type and density of premises selling alcohol for consumption on and off the premises and/or the provision of late night refreshment in the area highlighted in Figures One and Two is having a cumulative impact on the licensing objectives and has therefore declared a cumulative impact zone within these areas. The Brick Lane and Bethnal Green CIZ aims to manage the negative cumulative impact of the concentration of licensed premises in these areas and the stresses that the saturation of licensed premises has had on local amenity, environmental degradation and emergency and regulatory services in managing this impact.
- 19.5 The effect of this Special Cumulative Impact Policy will affect applications in respect of the sale or supply of alcohol on or off the premises and/or late Night Refreshment for the following:

- New Premises Licences applications,
- New Club Premises Certificates applications
- Provisional Statements,
- Variation of Premises Licences and Club Premises Certificate applications (where the modifications are relevant to the issue of cumulative impact for example increases in hours or capacity).

The Licensing Authority expects such applications to have regard for and make reference to the CIZ.

19.6 The Special Cumulative Impact policy creates a rebuttable presumption that where relevant representations are received by one or more of the responsible authorities and/or other persons against applications within the CIZ zones the application will be refused.

19.7 Where representations have been received in respect to applications within the CIZ zones the onus is on applicants to adequately rebut the presumption. Applicants will need to demonstrate in their applications why the granting of their application will not negatively add to the cumulative already experience within the CIZ Zones. Applicants may wish to address the following in their applications:

- Genuinely exceptional circumstances,
- Relevant good practices they employ (for example, this could include details of membership of local Pubwatch/other trade groups,
- Accreditation of Award Schemes (as applicable), and any participation in Police/Council initiatives),
- Other good operational/practice arrangements in respect of any outside drinking and smoking to control potential impact in the area,
- Measures used to promote the licensing objectives (for example, any relevant conditions to control noise, dispersal, litter and other anti-social issues).

19.8 This Policy will be strictly applied and where relevant representations are received it is the view of the Council that the application will be refused. Applicants will need to demonstrate that there are exceptional circumstances and that granting their application will not negatively add to the cumulative effect on the Licensing Objectives within the Brick Lane and Bethnal Green CIZ if they wish to rebut this presumption.

Examples of factors the Licensing Authority may consider as exceptional may include, though are not limited to:

- small premises with a capacity of fifty persons or less who only intend to operate during Framework Hours,
- premises which are not alcohol led and operate only within Framework Hours, such as coffee shops,

- instances where the applicant has recently surrendered a licence for another premises of a similar size and providing similar licensable activities in the same Special Policy Area.

Examples of factors the Licensing Authority will **not** consider as exceptional include:

- that the premises will be well managed and run,
- that the premises will be constructed to a high standard,
- that the applicant operates similar premises elsewhere without complaint.

19.9 The Special Cumulative Impact policy will not be used to revoke an existing licence or certificate and will not be applicable during the review of existing licences.

Licensing Policy Relating to Hours of Trading

All applications have to be considered on their own merits.

The Council has however adopted a set of framework hours as follows:

- Monday to Thursday, from 06:00 hrs to 23:30 hrs
- Friday and Saturday, from 06:00 hrs to 00:00 hrs (midnight)
- Sunday, from 06:00 hrs to 22:30 hrs

(see 14.8 of the Licensing Policy)

In considering the applicability of framework hours to any particular application regard should be had to the following

- Location
- Proposed hours of regulated activities, and the proposed hours the premises are open to the public
- The adequacy of the applicant's proposals to deal with issues of crime and disorder and public nuisance
- Previous history
- Access to public transport
- Proximity to other licensed premises, and their hours

(See 14.9 of the licensing policy)

Subject to any representations to the contrary in individual cases the following premises are not generally considered to contribute to late night anti-social behaviour and will therefore generally have greater freedom

- Theatres
- Cinemas
- Premises with club premises certificates

Planning

An application for a Premises Licence can be made in respect of a premises even where the premises does not have relevant Planning Permission. That application has to be considered and Members can only refuse the application where the application itself does not promote one of more of the Licensing Objectives. Members cannot refuse just because there is no planning permission. Where a Premises Licence is granted and which exceeds what is allowed by the Planning Permission and that Premises then operates in breach of planning then the operator would be liable to enforcement by Planning.
