Tackling the cost-of-living crisis</li> <li>2. Providing homes for the future</li> <li>3. Accelerating education</li> <li>4. Boosting culture, business, jobs and leisure</li> <li>5. Investing in public services</li> <li>6. Empowering communities and fighting crime</li> <li>7. Working towards a clean and green future</li> <li>8. A council that listens and works for everyone</li> </ol>

## Executive Summary

This report sets out the 2022/23 work programmes for the:

- Overview and Scrutiny Committee;
- Health & Adults Scrutiny Sub-Committee;
- Housing & Regeneration Scrutiny Sub-Committee; and
- Children & Education Scrutiny Sub-Committee.

This report also describes the work programmes for the Scrutiny Leads:

- Resources & Finance; and
- Environment & Community Safety.

The work programme has been informed by a councillor workshop session, discussion with all councillors at first Sub-Committee meetings, and in consultation with senior officers and partner agencies. The Committee also used intelligence from a range of sources including the Mid pandemic residents survey, council

performance reports, annual complaints data and horizon scanning on key national, regional, and local issues that scrutiny may want to engage with.

## **Recommendations:**

Overview and Scrutiny Committee is recommended to:

1. Agree and note the proposed Scrutiny Work Programme 2022-23 as set in Appendices 1-6

## **1 REASONS FOR THE DECISIONS**

- 1.1 The work programme of the Overview and Scrutiny Committee (OSC), its three sub-committees, and two Scrutiny Leads set out focus areas that scrutiny members have identified as important to scrutinise over this municipal year.

## **2 ALTERNATIVE OPTIONS**

- 2.1 The scrutiny work programme is delivered on ad hoc basis. This is not recommended as it is unfocused and is not an efficient use of members and officers time and will not have an impact on improving outcomes for residents.

## **3 DETAILS OF THE REPORT**

- 3.1. For 2022/23, the scrutiny function is undertaken by an Overview and Scrutiny Committee and three Scrutiny Sub-Committees (Health & Adults, Housing & Regeneration, and Children's & Education). There is also a dedicated Scrutiny Lead for Resources & Finance and Environment & Community Safety.
- 3.2. The terms of references for OSC and the Sub-Committees were agreed at the first meeting of each committee.
- 3.3. The work programming process was conducted for each Scrutiny Committee and Scrutiny Lead to provide a focus for the scrutiny function and to ensure that it targets its work at areas which will add real value, improve outcomes for residents and support the council to achieve its strategic aims.

### **Developing the work programme**

- 3.4. Members of the Overview & Scrutiny Committee (OSC) held a workshop on 16 July 2022 to discuss their work programme for 2022/23. This was a joint workshop across all Scrutiny Committees to develop a co-ordinated approach to delivering Scrutiny in 2022/23.

- 3.5. In preparation for the workshop, all Directorate Leadership Teams (DLT) were engaged and asked to highlight areas where Scrutiny will add value to their work, identify key challenges, areas of policy development and key decisions. This included a consideration of the timing of items and how to engage partners or independent experts. There was a specific focus on items where scrutiny could help shape policy development and allow input into strategies and key decisions whilst in their drafting stages. This will provide scrutiny with an opportunity to add value and ensure the robustness and transparency of key policies and decisions. Scrutiny Members and supporting officers will prioritise early and regular engagement with DLTs to ensure the strategic focus of the work programme is maintained throughout the year.
- 3.6. Scrutiny Leads also met with Corporate Directors, Divisional Directors, and Cabinet Members to discuss their portfolios, consider how they can best work with each other, and understand where the efforts of scrutiny can be put to best use. Scrutiny Leads will continue to meet with Corporate Directors and Cabinet Members on a quarterly basis to help embed scrutiny as a tool for continuous improvement. It will also provide a space outside of formal committee meetings to discuss key issues and prioritise, scope, and agree the format of scrutiny activities throughout the year
- 3.7. The first meeting of each Sub-Committee was framed as a Members induction and provide members across all Committees with an opportunity to feed into the development of the work programme. This included a brief overview of the portfolio from services, with officers given the opportunity to sign post members to areas where they can support their work through scrutiny. This was followed by a members discussion to put forward topics they would like to see considered at the OSC workshop and included in the work programme.

### **OSC Work Programme Workshop**

- 3.8. To identify areas of focus for the Committee, the workshop considered:
- Scrutiny values.
  - Prioritisation methods and tools.
  - Council priorities, performance information and horizon scan information.
  - How to engage residents and partners more effectively.
  - Outcomes the Committees wish to achieve.
- 3.9. Members also considered what makes an effective work plan and held discussions to explore how Scrutiny could add value to service delivery and what Members understood to be the key priorities for the Council.
- 3.10. Members voted on their priorities for each Committee and produced a list of the top five areas for each Committee to cover. In developing the work programme, OSC were clear that they wanted to look at fewer issues in more depth and be clear about what outcomes they want to achieve and how they can add value to allow them to make more effective recommendations.

### **Agreeing the work programme**

- 3.11. Following the workshop, discussions were held with the Scrutiny Leads to prioritise, scope and agree the format of scrutiny activities for the year. Scrutiny Leads agreed and specified the priorities in their area, developed an understanding of OSC priority outcomes, and defined how scrutiny can add value. This was presented back to the OSC on 28 July for discussion.
- 3.12. Additionally, an online form was developed to capture resident's views on what they feel the focus areas for the work programme should be. There have already been several submissions. All responses will be considered by Scrutiny Members for incorporation into agenda items throughout the year.

### **Types of scrutiny**

- 3.13. The 2022/23 the scrutiny work programme will comprise of different types of scrutiny focus:
  - **Scrutiny Spotlight Sessions:** a Cabinet Member and/or a senior leader from a stakeholder organisation (e.g. the Borough Commander) provides an overview of their work, including key risks within their portfolio, and is then questioned by members of the Committee;
  - **Scrutiny Reviews:** led by a scrutiny lead member to examine a topic over multiple evidence gathering sessions, followed by a report with recommendations for service improvement. These are directly supported by an officer from Corporate Strategy & Communities Team, with input from the relevant directorates;
  - **Scrutiny Challenge Sessions:** led by a scrutiny lead member, these take place during one 'deep dive' evidence gathering session and are followed by a report with recommendations for service improvement. These are directly supported by an officer from Corporate Strategy & Communities Team, with input from the relevant directorates;
  - **Budget & Policy Framework Scrutiny:** The Committee has a mandatory consultation role on all items that are the responsibility of Full Council to agree rather than the Executive, including the budget.

### **Member Development**

- 3.14. The OSC Chair and all Scrutiny Leads are new to their role. Additionally, many of the members sitting on Scrutiny Committees are new to their role. There will be a strong emphasis on member development to ensure they have the skills to be effective and succeed in their role.
- 3.15. Members have already received a scrutiny induction which provided them with information on scrutiny's role, powers and their role within this. Furthermore, a detailed induction into the specific portfolio of each Sub-Committee was given to introduce the topics they will be looking at and what services are trying to achieve.

3.16. In addition to this, the Centre for Governance and Scrutiny will be delivering three key training sessions for members:

- Effective Questioning Skills Training 29 September 2022
- Strategic role of Scrutiny Training 4th October 2022
- Finance Scrutiny 31 October 2022

3.17. Members have undertaken a skills audit to help understand where they require further support to be effective in their role. Initial feedback from the skills audit highlights the need for further development in the following areas:

- effective chairing,
- questioning skills,
- soft engagement and exposure to different strategic and partnership boards,
- public speaking skills,
- carrying out external research and visits,
- monitoring and challenging poor performance,
- budget scrutiny and strategic thinking.

3.18. Further training will be organised accordingly throughout the year. In addition to external training, services will be engaged to see where they can provide briefing sessions for members to help inform their subject knowledge on a specific topic i.e., target setting, which will in turn help their understanding and line of questioning at meetings.

#### **4 EQUALITIES IMPLICATIONS**

4.1 The Public Sector Equality Duty (as set out in the Equality Act 2010) aims to embed equality considerations into the day-to-day work of public bodies, so that they tackle discrimination and inequality and contribute to making society fairer.

4.2 The Overview and Scrutiny Committee and scrutiny sub-committee work programmes include key equality considerations of the Strategic Plan, including reducing inequality, promoting community cohesion and enabling community engagement. Identifying and prioritising issues, which are important to local residents, will play an important role in developing the work programme to drive service improvement.

4.3 Key to addressing equalities issues, is making scrutiny more accessible to residents. Accordingly, a communications plan will be developed to help engage residents in scrutiny and a strong emphasis will be placed on listening to residents' views as part of the evidence gathering for scrutiny reviews/challenge sessions and spotlight sessions.

- 4.4 To ensure the Scrutiny work programme captures the diverse range of resident's views and concerns, an online form has been created to allow them to submit their items for OSC to consider as part of the 2022/23 work programme. This will be promoted through the Council's social media channels to ensure all residents are aware of this opportunity and their submissions will be taken into account when reviewing relevant items.

## **5 OTHER STATUTORY IMPLICATIONS**

- 5.1 This section of the report is used to highlight further specific statutory implications that are either not covered in the main body of the report or are required to be highlighted to ensure decision makers give them proper consideration. Examples of other implications may be:

- Best Value Implications,
- Consultations,
- Environmental (including air quality),
- Risk Management,
- Crime Reduction,
- Safeguarding.
- Data Protection / Privacy Impact Assessment.

- 5.2 [Report authors should identify any other specific issues relevant to consideration of this report. Including, but not limited to, the issues noted above. This section of the report can also be used to re-emphasise particular issues that Members must have considered before taking the decision (for example issues that may come up if an objection was taken to court). Note – Paragraph 5.1 MUST NOT be deleted.]

## **6 COMMENTS OF THE CHIEF FINANCE OFFICER**

- 6.1. This report sets out the proposed Overview and Scrutiny Committee work programme for the Municipal Year 2022-23. It also includes draft work programmes for the Health & Adults, Housing & Regeneration and Children's & Education Scrutiny Sub-committees.
- 6.2. It is envisaged that the work programme will be delivered through existing resources and therefore there are no additional financial implications arising from the recommendations within this report. However, in the event that additional resources may be required to deliver particular aspects of the work programme, these will need to be considered as part of the council's budget setting and medium-term financial strategy.

## **7 COMMENTS OF LEGAL SERVICES**

- 7.1 Section 9F of the Local Government Act 2000 requires authorities to set up an Overview and Scrutiny Committee. The Overview and Scrutiny Committee has a strategic and co-ordinating role over the Council's scrutiny function and in that regard, the Committee sets its own work programme.
