The female then asked if I have money on me, saying she could help me and kept asking how much money I have. I kept saying I didn't want anything extra and she kept pressuring me. The female then started to explain that if I want a proper massage to come in the evening, not in the morning, she makes no money off massage and that business people coming in the morning for happy ending, if I Want massage I must come in the evening, I said I understand and she replied "you understand now" and continued. The female then asked again for a tip as I didn't have good time.

After massaging for a few minutes the female asked me to turn over and again no towel was used to cover me. She then asked if I want "beautiful girl to come in and give you massage?", I said no and she kept asking if I'm sure and then said "you try" and opened the door and started calling for someone else.

I kept saying during this time that I didn't want that. A young female of Asian appearance then entered the room, she offered her to do it for me to which I declined again, she kept asking if I was sure and I kept saying no. The young female then left the room and she continued the massage. A few minutes later she said the massage was finished and remained in the room with me while I got dressed.

Once I was dressed and ready to leave the female said I must pay a bit more for normal massage and I gave her £10 cash and exited the room. On my way out the young female wearing a black blouse was sat being the reception desk.

I then exited the premises at approximately 12:09 hrs.

- 7. During this visit I was offered, without any previous suggestion by myself, services of an apparent sexual nature.
- 8. I declined all offers of such services.
- 9. Following my visit I immediately returned to my vehicle and wrote notes on the details of the event within a document on my work-issued smart-phone on 29/10/2021. I exhibit these as BM.004
- 10. I believe the facts stated in this witness statement are true.
