Combating Drugs Partnership

Terms of Reference

1. Background

The Combating Drugs Partnership (CDP) is a multi-agency forum formed to implement the Government's national **From Harm to Hope** strategy locally. The CDP is responsible for partnership work within Tower Hamlets to reduce drug-related harm and account for local delivery and performance to central Government.

2. Purpose

The purpose of the CDP is to work together with partners to combat illegal drugs and the harm they cause in the community. The CDP will be responsible for delivering a set of outcomes relating to drug-related harm, set out in the Government's drugs strategy. The partnership will provide a single setting for understanding and addressing shared challenges related to drug-related harm, based on the local context and need.

3. Aims and objectives

The responsibilities of the CDP relate to:

- a. Delivering the three strategic priorities set out in the Government's drugs strategy and any agreed local priorities.
- b. Overseeing the development of a local Joint Needs Assessment.
- c. Overseeing the development and delivery of a shared local strategy plan.
- d. Overseeing development of a local performance framework.
- e. Be responsible for high-level policy co-ordination in relation to addressing drug-related harm.
- f. Address policy and organisational difficulties which may prevent appropriate responses to drug-related harm issues.
- g. Be responsible for ensuring plans sufficiently address alcohol-related harms.
- h. Be responsible for monitoring performance against Combating Drugs Outcome Framework and reporting on the partnership's performance and delivery into central Government.
- i. Other issues relating to drug-related harm, which may arise, from Government policies or other developments.

4. Combating Drugs Partnership Priorities

The CDP will ensure priorities address relevant areas of work delivered through the Tower Hamlets Drug and Alcohol Action Team (DAAT), The Community Safety Partnership (CSP) and the Health and Wellbeing Board (WHB). The CDP will focus on delivering three strategic priorities.

1. Break drug supply chains
2. Deliver a world-class treatment and recovery system
3. Achieve a shift in the demand for drugs

5. Combatting Drugs Partnership Outcomes

The National Combating Drugs Outcomes Framework set out the goals with metrics that will be used to measure progress. It is the single overarching framework for central and local government to monitor progress towards the commitments in the strategy.

There are six overarching outcomes:

1. Reduce drug use
2. Reduce drug related crime
3. Reduce drug related deaths and harm
4. Reduce drug supply
5. Increasing engagement in drug treatment
6. Improving drug recovery outcomes

6. Role of Combatting Drugs Partnership

The CDP will:

- a. Maintain an overview of all measures, monitor strategies and action plans to improve performance.
- b. Produce a robust and relevant Local Joint Needs Assessment every three years with a strong community/intelligence led evidence base, reviewing local drug data and involving all relevant partners.
- c. Produce a shared local drug strategy plan every three years with a whole-system approach addressing the three strategic priorities set out in the drugs strategy.
- d. Ensure plans sufficiently address alcohol dependence and wider alcohol-related harms.
- e. Produce a local performance framework to monitor the implementation and impact of local plans.
- f. Set out and agree how the partnership will record and monitor local data to understand challenges and opportunities.
- g. Coordinate partnership activity to deliver the key outcomes outlined in the national strategy and local plan.
- h. Improve communication and engagement with local people about drug related harm in their area.
- i. Be responsible for the implementation of the requirements of the relevant legislations.
- j. Co-ordinate the activities of agencies involved in reducing drug related harm in Tower Hamlets.
- k. Serve as a forum for representatives from the Partnership to highlight strategic developments both nationally and locally.
- l. Oversee the utilisation of resources to address drug related issues and ensure that any resources allocated to specific areas are spent as intended.
- m. Oversee progress towards the outcomes, with the SRO having overarching responsibility for local delivery of the strategy.
- n. Produce annual progress reports against the National Combating Drugs Outcomes Framework and submit into central Government through departments' performance management functions.
- o. Ensure the continuation and further development of an integrated approach to address drug related harm based on principles of partnership, equity and inclusivity.

7. Duties of Members

- a. To lead their organisation's contribution to meeting the objectives of the partnership. They should therefore consult with their organisation on issues being discussed at the CDP and ensure that any commitments made on behalf of their organisation are honoured.
- b. To ensure that their organisation is kept informed about CDP developments, decisions, actions and emerging issues.
- c. To ensure that the CDP is informed about developments relevant to drug related harm taking place within their parent organisation.
- d. Ensure all performance and monitoring requests are fulfilled by the partner organisation within the set deadlines.
