Homecare for adults – recommissioning of services	

Please see below a section of the original report that was inadvertently deleted prior to publication.

3 ALTERNATIVE OPTIONS

- 3.1 It would be technically and legally possible to spot-purchase any number of providers to deliver homecare in the Borough as an alternative to a framework contract. However, this would present an increased risk to the effective oversight of the quality and safety of homecare provision to vulnerable residents in need of care and support living across the Borough. In addition, each package of care would be subject to the Council’s procurement procedures and therefore some form of quotation process with competition would be required each time. This could significantly delay the provision of care in many cases and would be clearly not desirable
